October 31st, 1917

Sir John M. Gibson, K.C.M.G., LL.D.,

Hamilton, Ont.

My dear Sir John:

I am sending Mr. Murray's letter to Mr. Bell, the Secretary of the Law Society, as I have no definite information with regard to their proceedings. I will ask him to correspond with you direct and to send back Mr. Murray's letter.

With regard to the University we are likely to admit men who have been on active service on a somewhat reduced matriculation basis. Probably we shall take Normal Entrance, that is to say eight papers out of 12 as satisfactory examination as they cannot return to school. The whole matter of what is to be done for our students who are still on active service is now engaging our attention. It is quite possible that a somewhat extensive system may be created for the purpose of reaching men now in England and especially during the period of demobilisation whenever it comes.

With kind regards, I am,

Yours sincerely,

President.

Gibson, Sir John M.
